

USAJR Waiver of Judging Recertification Application for 2006

Purpose: We have a population of very dedicated judges who have attended certification clinics year after year in order to be knowledgeable and consistent in their judging. Since USAJR has not significantly changed judging procedures for the 2006 competition season, we want to offer the opportunity for experienced judges to waive their recertification requirement this year.

Requirements: In order to be eligible for this waiver, you must have served as a Level Two judge at USAJR Regional and/or Nationals competitions for the past three years (2003, 2004, and 2005). If granted this waiver, you do not need to attend a certification clinic this year. You will need to verify that you will thoroughly read and study the 2006 Rulebook and the 2006 Judging Handbook, and you will view the Judging Video again before serving as a judge this year.

Procedure: Complete and detach the bottom of this form and send it to the judging clinic facilitator in your region, or send your request including all of the information below via e-mail. Your request will be accepted if it can be verified that you fulfill all of the criteria, and you will go on record as a certified judge for this year.

USA Jump Rope would like to thank you for your support as a volunteer and as a judge for our athletes. Your efforts are very much appreciated! If you have questions or concerns, contact Trina Griffith at tgriffith@gvisd.org.

Sincerely,
USAJR Competition Committee
